Crystal Grid Making's Purpose

When working with crystal grids this practice uses sacred geometry to enhance manifestation for different intentions and purposes. By using sacred geometrical shapes this increases and amplifies the crystal's energy to work together creating a collective energy of the crystals .

Intention + Energy + Belief

Design Your Crystal Grid in 5 easy steps

1. Intention: Create your intention
2. Affirmation: Write an affirmation
3. Formation: Select a formation
4. Activation: Charge your grid daily
5. Manifestation: Take guided action

Step 1: Intention: Establish Grid's Purpose

- *Empowerment
- *Health
- *Harmony
- *Goal setting
- *Positive energy

Step 2: Affirmation

Write it down! An affirmation is a statement that expresses clearly the intention & purpose of your grid. It is a consciously chosen thought that opens the heart and can counter a negative thought.

Four Steps for writing an affirmation

1. Positive: What do I want?
 2. Personal: It Matters, feel it!
 3. Present: State in the now
 4. Practical: Stretch me to right degree
 5. Passion: Deep desire within

Step 3: Formation

Decide what form & shape serves set intention. Both the layout and type of crystals you will be using.

Step 4: Activation

To activate is to have your crystals work together amplifying your intention with your affirmation + sacred geometry to aid in manifestation of desired outcome.

Crystal Tip:

Do not touch have the crystals touch when activating.

*Be patient it may take a couple of weeks for your grid to be programmed.

*Activate Daily (consistently)

Program your intention (s) affirmation into the grid. Hold your laser wand over the center stone and say, visualize, and feel your intention(s). Place your other hand over the entire grid.

Activation

1. Start at the center stone.
2. Draw a line to the top stone at 12:00.
3. Then draw a line to the next stone on the right.
4. Draw the line back to the center Stone and back out to the same stone on the right.
5. Draw the line to the next stone on the right, and draw a line back to the center stone.
6. Continue to work your way around the formation.
7. Do this three times
Repeat your affirmation as you go.

Step 5: Manifestation

Take guided action steps to ensure your goals success. Intention +

Belief + Energy + Action
